

X-4A Quad Lnb

TECHNICAL SPECIFICATIONS:

Input frequency 10.7-11.7GHz;11.7-12.75GHz

Output frequency 950-1950MHz;1100-2150MHz

4 output V/H Low band &V/H high ban selectable

L.O Frequency 9.75GHz;10.6GHz

L.O tolerance 3MHz(-40~+60)

Conversion gain 50dB

Gain flatnes ± 0.5 dB / 27MHz

Phase noise 60dBc / Hz-1KHz offset

-80dBc/Hz-10KHz offset

-100dBc/Hz-100KHz offset

P 1 dBn gain compression 5dMM

Output VSWR2,0;1@75ohm

Band select control high band;22KHz low band;0Hz

V/H Select V:13VDC;H:18VDC

Work voltage DC10~21V

FEATURES

10.7 TO 12.75GHz wide Ku band range four output for universal freq
low-band/ high-band selectableby 13-18V voltage tolerance design for
different receivers polarity selectable by13-18V high efficient and low
phasenoise weather protection plastic cover attached low consumption
